Immerse yourself in a world of magic with Merlin's Fortune!

Merlin's Fortune is a feature packed six-reel avalanche video slot with four symbol rows and 4096 betways in the base game and a max win of 10,000 times bet! Merlin's Expansion is a random feature in the base game adding up to four additional symbol rows and a maximum 262,144 betways! Two Bonus Symbols trigger the Merlin's Substitution feature which, after pay-out of normal wins, substitute all low symbols with their corresponding medium symbols giving new win opportunities. Symbols that are part of winning combinations during Merlin's Substitution, explode and trigger an avalanche.

Free Spins are triggered by three or more Bonus Symbols and a maximum of 16 spins can be awarded. During Free Spins, royal symbols are collected and at certain thresholds these are removed from the reels, unlocking extra symbol rows, awarding extra spins and multipliers.
