

Star Spell

High-paced enchanting video slot

StarSpell is a 5-reel video slot with 10 bet lines where you can win two-ways – left to right or right to left on each bet line. Expanding Wilds appear on reels 2, 3 and 4 triggering a free re-spin. The wilds are sticky during the re-spin and additional wilds trigger another re-spin. A 2x win multiplier is applied to wins if two wilds are present and a 3x multiplier is applied to wins if three wilds are present. All 10 bet lines are always active, and players simply set their desired bet per spin in the casino currency. StarSpell is a low volatile game with a maximum win of 1,200 times bet or 120,000 Euro at max bet. The default bet levels can be customized for each operator.

In response to changing player preferences when it comes to gameplay, the Slotmill games have two integrated excitement enhancing features; “Burst Mode” and “Fast Track”. Burst Mode is an enhanced auto-play with a play-through of two game rounds per second, and Fast Track offers players the option to get directly into the bonus features of the games. Both Burst Mode and Fast Track have proven immensely popular among players.
