

Matching Symbols to strike gold

Neon Dreams is a 9-reel video slot based on matching symbols. Minimum three matching symbols are required for a win, and four matching symbols awards a free re-spin of the non-matching reels. The Neon Dreams bonus feature is triggered with five matching symbols and is based on collecting additional symbols of the type that triggered the bonus (trigger symbol).

During the Neon Dreams bonus feature, a progression metre with win multipliers is presented. Each trigger symbol moves the player one step towards the multipliers which are dynamic and increase in value for every star symbol collected (until activated). A re-spin is awarded every time at least one trigger symbol lands on the reels and a lifeline extends the bonus feature. A lifeline grants one extra re-spin when no trigger symbol land on the reels.
