

### Wicked win potential!

Vegas Gold is a 15-reel video slot where 6 of the reels are unlocked during re-spins and hold access to the bonus feature. The game is based on matching symbols with a re-spin functionality triggered by 3 identical symbols and continuing as long as additional matching symbols appear.

The Free Spin bonus feature is triggered by two scatter symbols present on the 6 reels that are unlocked during re-spins. The Wheel of Free Spins determine the number of Free Spins awarded. All 15 reels are active during Free Spins as is the re-spin functionality. Free spins start with a 2x win multiplier and for every “new” spin it is increased by 1x giving players wicked win potential!

In response to changing player preferences when it comes to gameplay, the Slotmill games have two integrated excitement enhancing features; “Burst Mode” and “Fast Track”. Burst Mode is an enhanced auto-play with a play-through of two game rounds per second, and Fast Track offers players the option to get directly into the bonus features of the games. Both Burst Mode and Fast Track have proven immensely popular among players.
