

Sharpen your swords and join the Three Samurai on a quest for gold!

Three Samurai is a five-reel video slot with 3 rows of symbols and 20 bet lines in the base game and 4 symbols rows and 40 bet lines during the bonus features. The Dragons Luck random feature during the base game exposes the fourth row of symbols thereby increasing the number of bet lines to 40 and transforms one of the high value symbols into a wild to maximize the win potential.

Bonus symbols on reels 1, 3 and 5 triggers the Samurai Free Spins feature where the player gets to choose between 10 spins with a 2x multiplier, 8 spins with 3x, 6 spins with 5x or a random pick which can be any combination factors. During Free Spins the selected Samurai is stacked and filling an entire reel twice will turn the stacked symbol on that reel into a Golden Wild. A Nudge function will attempt to push the stacked symbols that form part of any win so that they cover the entire reel.

In response to changing player preferences when it comes to gameplay, the Slotmill games have two integrated excitement enhancing features; “Burst Mode” and “Fast Track”. Burst Mode is an enhanced auto-play with a play-through of two game rounds per second, and Fast Track offers players the option to get directly into the bonus features of the games. Both Burst Mode and Fast Track have proven immensely popular among players.
